

1988b

“Spacecraft Alignment Estimation,” G. J. Bierman and M. D. Shuster, *Proceedings, 27th IEEE Conference on Decision and Control*, Austin, Texas, December 7–9, 1988, pp. 856–859.

This work was presented at a special one-day memorial symposium for Jerry Bierman, held in concert with the Conference on Decision and Control (CDC). I was one of the organizers of the memorial symposium.

Superseded by 1991c.
